About This Game

BlueberryNOVA will tell you story of a girl who moved to another city and entered a new college. Meet two charming girls: Yuki and Eva. Each of them is unique in its own way and reacts differently to your actions. Will you become the best friends, stay alone or get something more? It's up to you to decide.

Features:

- A visual novel about a girl who is transferred to a new place of study.
 - Several endings that depend on your choice.
 - An opportunity to have a romantic relationship.
 - Great music from Tony Longworth.
- Several illustrations that appear in the gallery after opening in the story.

I really enjoyed the story and how you can choose what you want to do.

I would buy the 2nd game if there was such a thing.. You can finish a single play through of BlueberryNOVA in about half an hour so it is on the short side. Personally I prefer a VN that you can finish in 1 sitting.

The translation is on the poor side. I suspect English is the devs second language. At the end of the game they provide a method of contact if you desire to help them with their translation.

Over all BlueberryNOVA is a cute VN which I didnt mind spending my time on.. Really short story with two routes nothing really special take about not even 10mins each route. It was okay but, it clearly shows that this was written by a male. The characters felt stale and uninteresting as there's not much depth to them outside of "anime girl" and "lonely girl". Things also felt very rushed and needs to be fleshed out more. Only gave it a thumbs up as I don't think it was bad due to reading a lot worse.. While this game is fairly short in length it does have some cute factors to it. The writing is fairly good although not as good as some of the other yuri visual novels. CG images are fairly good too as well. Overall this game is worth the money spent on it especially if it's gotten during one of Steam's sales.

BlueberryNOVA will tell you story of a girl who moved to another city and entered a new college. Meet two charming girls: Yuki and Eva. Each of them is unique in its own way and reacts differently to your actions. Will you become the best friends, stay alone or get something more? It's up to you to decide.

Have fun!. **18+ patch is now available on Steam!:**

The 18+ patch is now available on Steam! (*for free*)
This patch changes some of the dialogues and CG to more outspoken.
<https://store.steampowered.com/app/998380/>

And also we filled out a description of adult content:

Without patch:

- *Girl x Girl relationships*
- *A girl kisses another girl without consent*
- *Thoughts about suicide*

With patch:

- *Girl x Girl relationships*
- *A scene where girl kisses another girl without her consent*
- *A scene where a girl get a sex act with another girl with ambiguous consent*
- *A scene where a girl get a sex act with another girl without her consent*

Other news: **Update 1.2.2:**

Patch 1.2.2 includes:

1. Fixed grammar in English version (thanks Angel)
2. Translated UI in Russian version
3. Main menu has been changed
4. Chinese language is temporarily unavailable
